

POWERING A VITAL VALLEY

## SIGN ME UP FOR GREEN POWER!

NAME: \_\_\_\_\_

ADDRESS: \_\_\_\_\_

CITY: \_\_\_\_\_ STATE \_\_\_\_\_ ZIP \_\_\_\_\_

PHONE: \_\_\_\_\_

ACCOUNT #: \_\_\_\_\_

Number of blocks (100 kWh each) you want\* \_\_\_\_\_

SIGNATURE: \_\_\_\_\_

\*Multiply the number of blocks by .40 to determine the additional amount per month you will pay for green power. You must commit to purchasing clean, renewable energy each month for a minimum of one year. If you are interested in offsetting your entire electric use in green power and you need an estimate of your average monthly use, contact customer service.

All of the renewable energy that you purchase through the Green Power Program will be charged the base energy rate of \$0.40 per 100 kWh block **in addition** to your regular monthly kW charge. This price may change if Tri-State adjusts their wholesale rate (the last adjustment was a .40 cent decrease in cost.)

To sign up, include this form with your next payment or send this completed form to:

SLVREC  
P.O. Box 3625  
Monte Vista, CO 81144

As the interest and commitment of SLVREC's members for renewable energy grows, the cooperative will seek new opportunities to purchase power generated from renewable resources. *A portion of the revenue generated by the Green Power Program will be used to develop local renewable energy projects.*
